1. **VISA-MASTERCARD**
2. **Patients WITH insurance:** estimated portion not covered by insurance is due at the time of service.
3. **Patients WITHOUT insurance:** Payment for dental services is due at the time of treatment. Unless otherwise discussed with Cheryle
4. **Financing:** For patients requiring extensive treatment, payment arrangements may be made through financing. *CARE CREDIT*

**For Our Patients with Dental Insurance**

Because we understand that dental insurance plays a role in helping many people defray the costs of dental care, we would like to share with you the following information about dental insurance.

Please understand that our responsibility is to provide you with treatment that best meets your needs, not to try and match your care with insurance plan limitations. Dental insurance plans do not correspond to individual patient needs, and as such, many routine dental services are not covered, even though you may need those services.

In spite of what your plans say, we have found that many plans actually pay less than what you might expect. The benefits your plan pays are largely determined by how much your employer pays in premiums for the plan. We are happy to submit your claims and help you receive the maximum benefits due to you.

For treatment that requires dental laboratory services, a minimal down payment will be required at the initial appointment. A finance of 1.5% per month is applied on all account balances after 60 days.

I have read and understand the above Financial Policy. Regardless of insurance coverage, I am responsible for payment of all dental fees for myself and/or my dependants.
